Docketing Case No.: 10-0176-EL-ATA

Notes: What we want in a permanent solution 1) Discount must be permanently reinstated for EVERY all-electric home currently in existence! 2) Discount must be attached to the HOUSE and not the OWNER. Otherwise, we will not be able to sell our homes and pass the discount onto the buyer. The way it stands now, if any of us sells our house, the new owner DOES NOT get the discount! 3) First Energy MUST NOT raise the rates of anyone else to pay for our all-electric rate. If losses are to be incurred, First Energy should take the losses from stockholder profits since it was their breach of promise/poor business planning that caused the problem. 4) Overcharges collected by First Energy between May 2009 and March 2010 must be refunded in full to every all-electric customer
