Docketing Case No.: 10-0176-EL-ATA

Notes:

Caller wanted to know what is going to happen with the all electric rate. Updated him on the all electric discount being reinstated and there will be on going discussion and decisions as to how the all electric discount will be altered. He wants his voice heard about the all electric rate being discontinued. He owns an apt building that is all electric. He can't afford to continue to pay the electric bills without the all electric discount and neither can the tenants. The timing for removing the discount is horrible considering the nation is in a recession and the PUCO needs to stop allowing the utility co's to make unreasonably huge profits off the backs of their struggling customers.
