COMPLAINT DESCRIPTION:

With regard to the withdrawal of the discount for all electric homes, I am in a unique position. I have owned this house for more than 30 years. It was built as an all electric home. I understand, after reading your information, that because I have had this home rented off and on for the last 15 years that I may not be eligible for the reinstated discount.

When you reconsider this discount, I believe that you need to take into consideration that the discount should follow the house rather than the house occupant. The house was built as an all electric home. Renters may or may not have any interest or knowledge in the fact that the house was built with the discount in mind.

Please take this into consideration, not only for my own situation, but also when you determine the ongoing regulations regarding this discount.

Thank you.
