Docketing Case No.: 10-176-EL-ATA

Notes:

I am familiar with all of the media that has been listed below in your response to my complaint. Obviously since I am unable to get on the discounted rate for an all electric home, I do not think it is fair to charge two electric residential customers such different rates when our situations are similar. I also have an all electric home and with the different rates I appear to be partially subsidizing other discounted customers.

To clarify, my complaint is: Substantially different rates for similar customers.

Thanks for you time.

Eric Fike
