Docketing Case No.: 10-0176-EL-ATA

Notes: I've been living at the above address since August 2009 and it is an all electric home. My electric bill has been outrageous. I asked my neighbor about it and he receives a discounted rate along with others in our neighborhood because they own all electric homes. When I addressed this with Ohio Edison they would not extend the discount with me stating that it was because I just purchased my home. This is ridiculous since my home is all electric and that is why the discount was given. Can you please help me with this? I am currently paying 6.66 cents per KWh. This is an outrage!! Please help!!!!

Please docket the attached in the case number above.
