Docketing Case No.: 10-0176-EL-ATA

Notes: I have an all electric home and I think what Ohio Edison has done with our rates is unfair, unjust and not keeping with their promise of 40 years ago. They have a monopoly and we as consumers have no alternative, something should be done to control them. The OCC has filed a motion for rehearing of the Ohio Edison Distribution charge increases and were granted a new hearing on 3/18/09. Why has PUCO done nothing on this case? The case nbr that I am referring to is Case No. 07-551-EL-AIR.
