SWITCHED TELEPHONE SERVICES

1. EXCHANGE TELEPHONE SERVICES

1.17. VERIZON CALLING SERVICES - Continued

Caller ID - is an arrangement that is provided as an enhancement to Caller ID - Number Only and permits a customer with local exchange service to receive the name, as well as the telephone number, associated with the calling party for calls placed to the customer. The calling telephone number and name will be forwarded (typically by the second ring) from the terminating central office to compatible customer-provided display equipment associated with the customer's local exchange service, subject to limitations such as those described below. The name and telephone number of the caller may not be displayed for every incoming call. "Out of Area," "Unavailable," the calling party's state name, or a similar message may appear for certain calls, including (i) calls made through certain networks, (ii) operator-assisted calls, calls from toll-free numbers, calling card calls, and international calls, (iii) when phone number or caller name information is not made available to Verizon, (iv) for certain telephone numbers for which Verizon does not purchase Caller ID information, and (v) for other technical reasons. In addition, "Private," "Anonymous" or a similar message may appear when the caller has blocked caller identification information. The calling party can prevent the Caller ID customer from seeing the calling telephone name and number display by activating Selective Blocking or Complete Blocking. (C)

Anonymous Call Block - provides customers the ability to block calls from persons that have Selective Blocking or Complete Blocking (privacy) activated. The calling party will hear a recorded announcement asking that they hang up and call back without privacy activated. This service is provided at no charge to all customers subscribing to Caller ID - Number Only and Caller ID. Customers not subscribing to Caller ID - Number Only or Caller ID may order this service at the specified monthly charge. Calls routed to an Anonymous Call Block recorded announcement in a Verizon exchange will not be rated as completed calls or be charged as measured or toll calls. A caller may choose to place his call through an operator. Operator surcharges will apply for the completed call. Operator surcharges will be waived for calls within Verizon's network for victims of domestic violence, domestic violence agencies and programs, and emergency personnel while performing their jobs.
