Docketing Case No.: 10-0176-EL-ATA

Notes: I want to know how this commission can keep their jobs. Approving a rate hike for all electric homes by CEI and then that is found to be illegal and a class action lawsuit filed. Now you say the rate hike will be applied to consumers that aren't all electric ? Are you insane ? Instead of being a rubber stamp that approves EVERY rate increase request you are supposed to be representing our interests. I believe EVERY ONE of you should step down and pay back the money the utility companies are bribbing you with and put REAL consumers on the commission. You should be ashamed and all resign IMMEDIATELY
