Docketing Case No.:

Notes:

am absolutely against allowing First Energy's request for a \$390 million increase in distribution charges to our electric bills - reference Case No. 10-0388.

It is outrageous to think they are either arrogant enough or inept enough to make such a request and receive approval - especially since they just got \$137 million last year! Please, PUCO, we need your support - do not permit this "bully" to have it's way again. Please register me as opposing this increase!

Please docket the attached in the case number above.
