COMPLAINT DESCRIPTION:

First Energy's newest request for \$390 million in distribution charge increases. The OCC and state legislators are shocked at the arrogance of FirstEnergy to request such a hefty increase since they just increased distribution last May 09 \$137 million. I feel this is unfair and the utility companies are making millions. It is getting to the point people cannot even afford the basic neccessities like electric and Gas. Please do not allow this increase.
