Docketing Case No.: 10-0176-EL-ATA

Notes: Good Morning, In the last 9 months my utility bill has almost doubled. My house is ALL ELECTRIC. We have turned our thermostat down 3 degrees from last year and after contacting Ohio Edison it appears that I may be forced to convert to another type of energy if changes to the policies are not implemented in the near future. I contacted friends that live 2 miles away with a different electric company and there's rolled back! Ohio Edison suggested contacting them next month however, that does NOT help my present position. Is there any suggestions you can make because selling this house with this issue is very unlikely as well. Your feedback is appreciated.

Thank You! Guido M. Cariati
