COMMENT DESCRIPTION:

With regard to Case No. 10-0388, my wife and I wish to strongly express our opposition to the requests by FE for yet another increase in our electric bill. We are also concerned and suspicious of their request to "fast track" the approval process in light of the fact FE already had an increase in distribution rates just 14 months ago. If I recall correctly, the Plain Dealer business section just noted that FE had income of 13 billion last year. We felt that the issues FE faces with regard to the on going problems with Davis-Besse, their "light-bulb" fiasco and their desire to purchase another energy company in Penn. should not be allowed to drive their never ending requests for rate hikes.
