SUBJECT: First Energy Case #10-176-EL-ATA

We are writing to go on record that in May or June 1975, before I purchased my all electric home,(Condo in Parma Ohio) as a sales incentive, I was invited to a meeting sponsored by Winslow Homes(Forest City Enterprises) the seller of the Condo's, to be reassured on some final points before we purchased. Present were several prospective owners, a Vice President of the Illuminating Co, Sandy Krulak of Winslow Homes Inc, the President of the homeowners association, Stuart Ramsey, and other board members and guests. The express purpose of the meeting was to hear the Illuminating Co's representative clearly define that the "commercial rate" that we were given by buying an all electric home, was "for life". I am appalled that the commercial rate promised can be taken away so easily. DON'T LET THIS HAPPEN. LET THEM FIND ANOTHER PROFIT SOURCE
