Notes:

States also wants to add comments to case # 10-176-EL-ATA

States poor people on Social Security can't continue to do this....paying higher rates. States if this is approved the taxes will go up and up and they'll be out on the street. States the all elect homes has lost value of 20 to 30% over other homes. States if this is approved all taxes will increase ...it has to stop. States the co assured him this special rate would be in affect as long as the house was there and it isn't right.

Adv his comments will be added to the case record.
