Notes:

Well here we go again. First Energy needs more money. You just gave them 137 million back in May 2009. With there usage down because of the recession there over paid top brass there profits will be down so there bonuses will be small and the stock holders will be upset. THIS IS WHY WE NEED SOME FEDERAL HELP TO PUT PEOPLE BACK TO WORK, WE NEED A NEW ELECTRIC GRID AND A NEW WAY TO BILL FOR POWER USED WHATEVER THE FUEL. This run away need for large profits is what got us in to the banking problem. Learn from the past, a steady profit with SOME growth will last for every. Braking the backs of the people will only force them to spend less and due less furthering the recession. THIS MUST STOP. Who is next in line the gas or water companies for more profits. STOP THE MADNESS! find a new way or impose a freeze until America gets back on it's feet.

Thank You. Don Kvasnok
