Docketing Case No.: 10-0176-EL-ATA

Notes: 10 years ago I retired and built a new energy efficient house. Encouraged by First Energy to go all electric as the cheapest heating source, I installed a (at double the cost) geothermal system. First Energy supplied me list of dealers and cost comparisons with gas. It's totally unfair to eliminate the all electric rate, after First Energy lured us with the promise of the all Electric Rate. Also Northeast Ohio has paid the highest rates in the country for the last 20 years to pay for the Perry Nuclear Plant. Compare our rates with Cincinnati.
