Docketing Case No.: 10-388-EL-SSO

Notes:

As an all electric home owner for over twenty years, Iâ?m very disturbed with the recent actions of First Energy. Their total disregard to the promises they made some years ago when they needed us, the consumer, to use the excess power generated during the evening. That promised discounted electric rate was promised in perpetuity to encourage both home owners and builder to go to â?oall electric homes.â? Now that they can sell their product back to the grid, they fell they can renege on that promise and raise our rates.

Please docket the attached in the case number above.
