COMMENT DESCRIPTION:

Case #10-176-EL-ATA I have an all electric home built in 1976. At that time, all electric was our only choice since the oil and propane companies were not taking new customers and natural gas was and is still not available on our road. The all electric discount made it possible to afford the electric bill. Without the discount our fixed retirement income will not stretch to cover the additional cost. Please do not allow the loss of the discount or the huge increase requested by First Energy. Sincerely, Rubye Oblak P.O. Box 51 Rome, OH 44085 Ashtabula County
