Complainant

v.

American Electric Power

Respondent.

Case No. 10-406-EL-CSS

COLUMBUS SOUTHERN POWER COMPANY'S
ANSWER

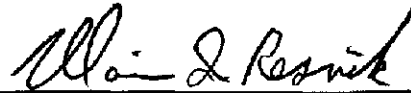

This complaint was filed on March 26, 2010. The complaint alleges errors in meter readings and related billings. The Complainant receives electric service from Columbus Southern Power Company (CSP), which conducts business as AEP Ohio. CSP has attempted to contact the Complainant to discuss whether there is an opportunity to satisfy the complaint. However, at this time CSP has been unable to contact the Complainant. CSP is hopeful that through discussions an amicable resolution of the complaint can be achieved.

Having said that, and in order to meet the Commission's twenty-day period for filing an answer, CSP asserts that its ultimate billings for the period in question were correct and denies that it has violated any Commission rules or applicable statutes.

CSP hopes to resolve this matter and would then submit an amended answer indicating that the complaint has been satisfied.

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.
