Public Utilities Commission of Ohio
Investigation and Audit Division

Memorandum

Date: 4/16/2010

Re: Richard Ward
8982 Williams Rd
Chardon, OH 44024

Docketing Case No.: 10-388-EL-SSO

Notes: Case # 10-388-\$390 million distribution The last distribution increase was \$137 million, Now its \$390 million. Last time the increase for winter months could be 100.00 or more a month. So does this mean \$280.00 more in the winter? What happens to people on fixed income? You know they will keep the heat dangerously low or off. Stop just thinking about your handful of preferred stock holders who will benefit the most.

Please docket the attached in the case number above.
