Docketing Case No.: 10-388-EL-SSO

Notes: Concerning Case # 10-388, First Energy's request for increase in distribution charges. In light of the current economic conditions in Ohio and in particular, northeast Ohio, everyone is having to tighten their belts more each day. It seems that while residents and businesses are looking for ways to save money, First Energy is inventing ways to keep making the same amount or even increase the amount they make. Such a massive increase as they are asking for will do nothing more than cause more hardship to people who cannot afford it as well as stifle any economic recovery we might try to make in this depressed part of the state. At this time First Energy must also do some belt tightening just as the rest of us are doing.

Please docket the attached in the case number above.
