Friday, April 16, 2010

Dear Senator Grendell;

I am a recent widow in my late 70's living in an all electric home. While my husband and I purchased our home in December, 2006 I have received my electric rate discount this month. I thank you very much for all you did to get this compromise.

My concern is what will happen when I try to sell my house? My husband was a minister and we got into the housing market late in life, so I still have a mortgage. My house is actually "under water" as we had to take out a home equity loan. My husband had been gravely ill for several years, we needed to leave our older, bigger house, we got caught in the housing market downturn. I am now worried I will not be able to sell my house if I become ill or need to move as I get older.

Please include my name in the Class Action Suite filed against First Energy/The Illuminating Co. Case No. 10-176-EL-ATA.

Thank You,

E. Patricia Lincoln
