**NOTICE OF FILING NEW PIR ADJUSTMENT CASE:
PUCO CASE NO. 10-733-GA-RDR**

To Parties in Case Nos. 07-829-GA-AIR, *et al.*:

On October 15, 2008, the Public Utilities Commission of Ohio (PUCO) approved an increase in Dominion East Ohio's (Dominion) rates and charges for service in Case Nos. 07-829-GA-AIR *et al.* In its order authorizing the increase, the PUCO also approved a tariff to recover certain costs associated with a pipeline infrastructure replacement (PIR) program and approved Dominion's request to assume ownership of, and responsibility for, curb-to-meter service lines as Dominion installs, repairs, ties in, or replaces them. At that time, the PIR Cost Recovery Charge was set to zero. On May 29, 2009, Dominion filed a subsequent application seeking PUCO approval for an initial adjustment to the charge to recover the incremental costs associated with the program. The PUCO approved Dominion's initial adjustment to the PIR Cost Recovery Charge on December 16, 2009.

On May 28, 2010, Dominion notified the PUCO that it will file an application in Case No. 10-733-GA-RDR to amend the PIR Cost Recovery Charge in August 2010. As required by the PUCO, Dominion has filed a pre-filing notice containing estimated schedules for costs that will be incurred for the fiscal year ending June 30, 2010. No charge will be implemented until the PUCO has analyzed and audited the schedules contained in the August filing and approves charges based on its review. That process is not expected to be completed until the fourth quarter of this year.

Dominion has estimated the levels of the PIR Cost Recovery Charge based upon an allocation of the program cost as approved by the PUCO. Because the pre-filing notice is based on information that will be updated with actual data in the August application, the final rates approved by the PUCO may differ from the estimated rates shown below. The PIR Cost Recovery Charge for the General Sales Service and Energy Choice Transportation Service rate schedules is capped at \$1.72 per month. The corresponding maximum rates for other rate schedules are also shown in the table below:

	<u>Estimated Rate</u>	<u>Maximum Rate</u>
General Sales Service and Energy Choice Transportation Service	\$1.68 per month	\$1.72 per month
Large Volume General Sales Service and Large Volume Energy Choice Transportation Service	\$15.38 per month	\$21.19 per month
General Transportation Service and Transportation Service for Schools	\$66.14 per month	\$79.74 per month
Daily Transportation Service	\$0.0403 per Mcf up to \$1,000 per month	\$0.0442 per Mcf up to \$1,000 per month

Dominion's replacement of older vintage pipelines and its ongoing investment in pipeline infrastructure will enable us to continue providing safe and reliable natural gas service, which benefits our customers and other important stakeholders. Thank you for your attention to this important matter. If you have any questions, please contact me at vicki.h.friscic@dom.com, or (216) 736-5322.

Sincerely,

Dominion's replacement of older vintage pipelines and its ongoing investment in pipeline infrastructure will enable us to continue providing safe and reliable natural gas service to our more than one million customers. Because Dominion is now responsible for curb-to-meter service lines, customers no longer face the prospect of large unanticipated outlays for repairing those lines should it become necessary. We appreciate the opportunity to serve your community and look forward to answering any questions you may have regarding this notice.
