RECEIVED-DOCKETING DIV

2010 JUN 14 PM 1:32

Public Utilities  
Commission of Ohio

PUCO

# Memo

**To:** Docketing Division

**From:** George Martin, Grade Crossing Planner, Rail Division

**Re:** PUCO Case No. 09-469-RR-FED Request by the Cleveland Commercial Railroad for an extension of time to complete a project

**Date:** June 14, 2010

By its Entry dated June 17, 2009, the Commission ordered, in part, that the Cleveland Commercial Railroad (CCRL) complete the installation of new mast-mounted flashing lights and roadway gates and upgrade the crossing detection circuitry at Cuyahoga County, City of Garfield Heights, McCracken Rd/CR 55, DOT# 524-232N, by June 17, 2010.

On June 10, 2010, CCRL filed in this docket a request for an extension of time, until July 17, 2010, to complete this project. In support, CCRL states their contractor has experienced a delay in receiving signal equipment from their supplier Fabricated Metals, who in turn has experienced a delay by being sold to Progressive Rail. CCRL has been assured that the project can be completed by the requested date.

Staff feels the request is warranted and recommends that the Commission grant the extension.

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.
