COMPLAINT DESCRIPTION:

With regard to PUCO Case No. 10-0388. I actively oppose First Energy's newest request for \$390 million in distribution charge increases. Everyone I know is shocked at the arrogance of FirstEnergy to request such a hefty increase since they just increased distribution last May 09 \$137 million. This increase affects EVERY FirstEnergy customer; therefore, I oppose this increase. FirstEnergy has filed a request for \$390 million increase in distribution charges to my electric bill and is asking the PUCO to "fast track" the approval by May 5. This is on top of the \$137 million increase FirstEnergy received in distribution rates just 14 short months ago. These requested increases are unreasonable and unaffordable.

I hereby certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.
