COMPLAINT DESCRIPTION:

I would like to have answers to the following all-electric issues/questions:

1) What is the status of the PUCO report on the All-Electric issue? 2) When will the PUCO have a permanent solution recommendation and will it be prior to September 30? 3) When and where will the public hearings be on the All-Electric issue? 4) PUCO MUST consider the broken promises and builder enticements FirstEnergy made when deciding on the permanent solution and who will pay for the discount. If PUCO thinks this is out of their "jurisdiction, then the only choice in developing a rate plan will be to ask for other customers to subsidize our discount. PUCO should consider First Energy's broken promises so that can be used as evidence to make FirstEnergy pay part or all of the discount.

Please log this in the case in the docket under Case # 10-176 so it becomes an official part of the record.
