Concerning Case# 10176-EL-ATA

Sirs:

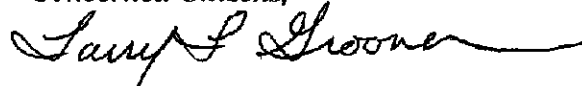

I am writing to you concerning the pending rate increase for ALL ELECTRIC homes by Ohio Edison.

When we built our home in 1974 there was only electric available in this area. As we had no other option Ohio Edison said that we would have a special rate discount for as long as we lived in this house. Now they want to take it away from us.

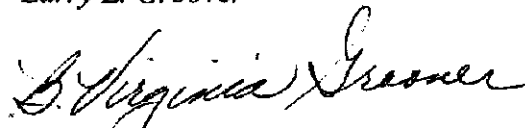

This would put an extreme hardship on us as we are now retired and living on a fixed income.

Is Ohio Edison in such hardship that they cannot honor a promise made to those of us who trusted them so long ago? I think that this is one more undermining of the "big businesses" promises to the consumers.
