Alan M. Schriber CHAIRMAN
Public Utilities Commission of Ohio
Columbus
Ohio

Dear Mr. Schriber:

FIRST ENERGY no longer honors its
promise of discounts for all-electric homes.
Winter bills have doubled. Those of us
who are living on retirement incomes find
it rough going.

Selling one's house would be a tough
sell! A buyer would be reluctant to
buy a house with such high heating
and cooling costs.

Please help us in persuading
FIRST ENERGY to give back the discounts.

Sincerely,
M Jean Hessler
