Re: Blue Creek Wind Farm / Heartland Wind LLC
350 MW - Wind Powered Electric Generation Facility
Case No. 09-1066-EL-BGN

Dear Mr. Harmon:

Thank you for contacting the Ohio Power Siting Board regarding Heartland Wind LLC's proposed installation of a wind turbine electric generating facility located in Van Wert and Paulding Counties, Ohio. The OPSB's mission is to support sound energy policies that provide for the installation of energy and transmission infrastructure for the benefit of the Ohio citizens, while promoting the state's economic interests and protecting the environment and land use.

Due to the fact that the public and adjudicatory hearings are complete, all parties are briefing the facts and neither staff nor Board Members are at liberty to discuss this case. However, our Staff Report of Investigation, staff, applicant and intervenor interrogatories, testimonies and all activity pertaining to this case are available for public viewing on our website at www.puc.state.oh.us or the OPSB website at www.OPSB.ohio.gov

Should the Ohio Power Siting Board grant certification to construct, Blue Creek Wind Farm / Heartland Wind LLC will obtain and provide proof of all applicable permits and authorizations as required by Federal and State entities necessary for utility operations within the state of Ohio.

As we appreciate all input into the siting process, your document will be shared with members of the Board and placed in the official docket for this case. Should you wish to view activity involving the application, please visit our web site at www.OPSB.ohio.gov.

Again, the Board thanks you for your interest.

Very truly yours,

Kim Wissman, Executive Director
Ohio Power Siting Board

~~CONFIDENTIAL - ATTORNEY WORK PRODUCT~~

Gentlemen;

Van Wert County Township Association supports Hoaglin, Union and Tully Townships request that certificate be denied Iberdrola at this time.

All of the Townships in Van Wert Co. Oh. will be needing road agreements with various developers. It is important that this first agreement be done correctly. As you are well aware of, there are many i's to dot and t's to cross and this takes time.

Sincerely;

Jeff Harmon
