Re: In the Matter of the Application of Ohio Edison Company, The Cleveland Electric Illuminating Company, and The Toledo Edison Company for Authority to Establish a Standard Service Offer Pursuant to Section 4928.143, Revised Code, in the Form of an Electric Security Plan  
Case No. 10-388-EL-SSO

Dear Ms. Jenkins:

On March 23, 2010 the Companies filed an Application in the above captioned case with an attached Stipulation and Recommendation that set forth an Electric Security Plan, which was then supplemented on May 12, 2010 through the filing of a Supplemental Stipulation, and further supplemented on July 22, 2010 through the filing of a Second Supplemental Stipulation ("ESP"). The ESP was agreed to by the Companies, the Staff of the Commission, and the majority of the intervening parties to this proceeding (collectively, the "Signatory Parties").

The Commission issued its Opinion and Order on August 25, 2010 approving and adopting the entirety of the ESP with certain modifications.

While no formal acceptance of the Commission's Opinion and Order is required, in order to avoid unnecessary uncertainty regarding the implementation of the ESP, the Companies hereby provide notice that they accept the Commission's Opinion and Order issued on August 25, 2010 as their ESP for the period of June 1, 2011 through May 31, 2014, with such acceptance remaining dependent upon the terms and conditions of the ESP as approved being specifically implemented in the manner and timeframe contemplated thereby, no changes being made as a result of an application for rehearing or appeal, and with the Companies reserving the right to withdraw the ESP if the Companies do not concur with any change made to distribution rate design or the competitive bidding process beyond the scope of the terms and conditions of the ESP as filed.

Please file this Notice in the docket in the aforementioned case. Thank you.

Sincerely,

James W. Burk  
Counsel of Record
