RE: Nexus Communications, Inc., Case No. 09-599-TP-RCC

Dear Chairman Schriber:

I am writing this letter in support of Nexus Communications, Inc.'s ("Nexus") application to offer wireless service as an eligible telecommunications carrier in the state of Ohio.

As a member of Columbus City Council, and as the chairperson of Council's Safety Committee, and the Finance and Economic Development Committee, I believe access to mobile phone service is critical to personal safety, and is an important tool in helping unemployed and underemployed citizens improve their situation.

The program offered by Nexus connects economically challenged residents with wireless technology that will improve personal safety and access to emergency services, and provide underserved populations with a necessary tool to pursue employment opportunities.

For these reasons, I encourage you to give Nexus every consideration as you review their application to offer wireless service as an eligible telecommunications carrier in the state of Ohio.

Sincerely,

Andrew J. Ginther, Member  
Columbus City Council
