Dear Electric Customer:

You may recall receiving a letter dated December 5, 1995, from the City of Cuyahoga Falls concerning the sale of certain Ohio Edison facilities in the former Northampton Township to Cuyahoga Falls.

Ohio Edison and Cuyahoga Falls are currently working together to complete this transfer with the least impact possible on affected customers. We anticipate the transfer to be completed during the first quarter of 1996.

After the transfer has been completed, the Cuyahoga Falls Municipal Electric Department will provide your electric service instead of Ohio Edison. As a result, you should direct any inquiries concerning your electric service or any outage reports to the Cuyahoga Falls Municipal Electric Department.

Thank you for the privilege of providing service to you over the years, and for your understanding during this transition. In the meantime, if you have any questions, please call Ohio Edison at 384-5087 or Cuyahoga Falls at 971-8060.

Sincerely,

Dennis M. Chack
