

Case No. 10-1129-EL-REN
Glenn S Weber
Staff Interrogatories – Initial Set

Question 1: In section G of the application form the 'solar thermal (for electrical generation)' resource type was selected but solar photovoltaic technology module information was provided. Please verify that the solar array uses solar photovoltaic technology in the space below.

Answer 1: Yes that is correct

Question 2: In section N of the application form information for the inverter meter(s) was provided but the photograph of the meter was of a General Electric utility grade meter. Please verify that the meter in the photograph is the utility grade meter being used in your system and provide the information regarding that specific meter (and not the inverter meters) in the space below.

Answer 2: Yes that is correct
Manufacturer: GE
Serial Number: 36 045 693
Type: Utility Grade Meter (Revenue Meter)
Date of Last Certification: 12/4/2009

This foregoing document was electronically filed with the Public Utilities
