To Whom it May Concern:

When we purchased our home in 2004, we were assured by our builder and developers that with an all electric home, we would have a permanent discount on the electric bill. We understood that the builder would give a bulk rate that would be passed on to us.

We are senior citizens who depend upon our expenses in this area to remain fair. We appreciate you taking our request into consideration as you move forward.

Thank you,
Robert & Louella Romp
