COMMENT DESCRIPTION:

Please pass on to Mr. schreiber and his group meeting with First energy. When he was quoted before he stated his group estimated costs based on 1000kw usage a month on all electric homes. Advise him that all electric homes like mine used up to 5830kw in january. To discuss 1000kw month usage in terms of cost with first energy would be a big error in caculations. That is where they went astray in granting the increase before based on faulty information.
