Ref. Case # 10-176-EL-ATA

10/19/10

Dear Sirs,

I am an owner of an all electric home at 402 Station Rd. Valley City, Oh. I installed a electric add on system to my fuel oil furnace and a 80 gallon hot water tank. I was told I would receive a substantial reduction on my electric rate for term of this rate. I still have my equipment that I paid a lot of money for, with the hope of saving money with this lower rate over the long term.

I think it is unethical and unfair to change or eliminate this rate reduction. I believe Ohio Edison and First Energy should absorb this rate reduction as they agreed to do so when I signed up for this program.

Sincerely,

Steve Brooks
