DEAR MR. SCHRIBER

In regards to the recent hearing held in Sandusky, Ohio pertaining to Case # 10-176.

I was not able to attend, but would like to provide my testimony.

It is my desire to put something into perspective to you. My wife and I have lived in a all electric home for several years. We are both 59 years old and she recently was diagnosed with lung cancer, which has and will generate many medical bills which were previously unforeseen.

By not honoring the promise of an all electric discount, you Commission will add another strain to an already overstrained budget.

Please consider my story, as I'm sure other people are affected in similar way when making your decision.

Sincerely yours

Daniel Seamon
