COMMENT DESCRIPTION:

This comment is regarding case 10-176-EL-ATA.

I can't understand how I should be expected to help pay for the all electric discount to provide service to a few individuals overall in the state. No one has helped me pay for my excessive gas bills during the winter season or electric bills during the summer.

In addition we are also being charged by the utilities to cover cost of uncollectable bills of other people.

It is time for the people to pay thier own bills and the utility companies to cover thier own cost and not expect the individual subscribers to bear thier overhead costs.
