COMPLAINT DESCRIPTION:

Ref. case 10-176-EL-ATA Please restore the all-electric discount permanently. I made a large investment in geothermal heating and cooling and load control. Natural gas is not an option where I live. The loss of the all-electric discount may make my home unsellable. "Paying" for this discount should be from First Energy profits not other customers. The principal of this discount should never be challenged because it is bulk discounting. Bulk discounting is a widely accepted business practice.
