Docketing Case No.: 10-0176-EL-ATA

Notes:

We attended the recent hearings on 'all electric rates' at the Strongsville High School. Those that took the stand and testified did their homework and were well prepared to testify.

This is to certify that the images appearing are an accurate and complete reproduction of a case file document delivered in the regular course of business.

We don't believe those of us who live in all electric homes can be wrong about what we heard several years ago from CEI/First Energy. The builders were provided incentives to build all electric homes and the homeowners participated with an on-going discounted electric rate.

We believe this rate needs to be reinstated and that CEI/First Energy should live up to what they promised the people!
