COMMENT DESCRIPTION:

PUCO, First of all, thanks for hearing us. I recently attended the PUCO hearings in Strongsville on Nov 27, 2010 regarding Case # 10-176 (making the all electric discount permanent). After hearing the convincing testimony from all the residents and businesses I can only urge you even more to consider making the AE discount permanent for the property (transferable), not pushing these costs onto other non-all electric subscribers, and retroactively re-instating the AE discount for the period it was not in effect (in form of a credit / cash). I believe there was overwhelming evidence which included 1) verbal promises and promotions of permanent discounts made by original homeowners/businesses, 2) the inconsistencies in billings and maneuvering of actual readings to benefit First Energy, 3) the hardships and dependence on these discounts for residents/businesses, 4) impact to home values and property tax

base that would affect the communities and 5) informal contract between First Energy and the homeowners by providing the discount for 30+ years before deregulation.

I strongly urge the PUCO to act on behalf the residents/subscribers and rule in our favor.

Thank you again for hearing our testimony, my family and I look forward to a positive result in this matter.

Regards,
