Docketing Case No.:10-176-EL-ATA

Since you have chosen to remove the all-electric home discount to those of us who were convinced to purchase an all-electric home (by the builders and real estate companies who were paid off by the electric company) with the promise of the discount, I can no longer sell my home. I am preparing to retire and move back to my home state and I CAN'T EVEN GIVE MY HOME AWAY. The statistics that indicate a 30-40% reduction in our home values are way off. You have reduced the value of my home to ZERO. Noone in their right mind would purchase an all-electric home now. My entire neighborhood is all-electric with no available options for alternate energy sources. The entire neighborhood will now disintegrate. Thanks alot for lying to all of us and destroying the primary assets of our lives.
