Please docket the following in the case number above. Thank you.

COMMENT DESCRIPTION:

I am strongly in favor of permanently restoring the all electric discount to our homes. I have lived in Meadowood since 1978. We purchased our home because of heat pump efficiency and the all electric discount. I see all around our neighborhood homes which are not selling because of the uncertainty of the all electric discount. For many our home is a big asset in our retirement years. Without the all electric discount, the ability to sell our homes impacts our choices and has us making hard decisions as to how we afford bills which are 50 to 60 % higher than in the past.
