COMMENT DESCRIPTION:

Please file my comment in Case # 10-176:

We have owned an All-Electric home for the past 28 years and we would like express our support for the AE discount being permanently reinstated for us and for future owners of our home,

When we built our 2nd AE home in 1993, we had a Datrol load management system installed. We were suprised when one day the system was turned off by The Illuminating Company and we were never notified. Not only should the AE discount be permanently reinstated for our home, but for the Datrol load management system to function again and to be used for calculating our electric charges,

We attended the hearing at Strongsville High School on 11/3/2010 and we could relate personally to all of the testimonies that were presented. They represented the experiences of all AE customers.

Thank you in advance for protecting the AE customers against unfair practices by The Illuminating Company.
