COMMENT DESCRIPTION:

I don't know how I can keep my home if CEI charges me twice the amount for my electric heat when my income has to stay the same from Soc. Sec and small pension! My 1.7 rate went to 6.7 on short notice..for no reason at all. A \$600 bill takes over 50% of my income. I hope seniors get true help from you as we don't have any way to change our income. We need to keep our homes. We planned our living expenses years ago on the rate we had, never thought of it going so high we couldn't pay it.

Please docket the attached in the case number above.
