Re: First Energy Case #10-176-EL-ATA

RECEIVED NOV 19 2010

Dear Commissioners:

Pls. extend the all-electric discounts permanently, for the following reasons.

- (1) When we had our home built in 1976, we were told gas was not available to us. Being in our 30's then, we had no idea or a way of knowing what those electric costs would be to us when we're in our sixties & on a fixed retirement income.

We would sincerely appreciate anything you could do for us to ensure that the discounts stay restored permanently. This is just another squeeze that the retired population should not have to bare in our so called "golden years"!

Thank You,

Sincerely,

A. Roy
