

## Cumulative Sound Contours of the Blue Creek Wind Farm Project Area

TO: Heartland Wind, LLC Blue Creek Wind Farm Project Team  
FROM: Mark Bastasch, P.E./CH2M HILL  
DATE: June 1, 2010

### Summary

This memorandum addresses the request from Mr. Nick Doss of the Ohio Public Utilities Commission for cumulative sound level contours of Heartland Wind, LLC's proposed Blue Creek Wind Farm (the Facility) in Paulding and Van Wert counties, Ohio. Mr. Doss requested a sound level contour map be prepared based on an existing ambient sound level of 45 dBA and Facility sound levels under full power (turbine sound power level of 106.4 dBA) with a ground absorption coefficient of zero. In addition, residences were to be color coded according to their participation status (participating, good neighbor agreement or non-participating). The attached Figure 1 presents the requested analysis.
