To Whom It May Concern;

I am writing to urge you to delay the enforcement date of January 1, 2011 for the new regulations involving trucks in the 10,001 to 26,000 pound range. I only recently learned of these new regulations, and the proposed deadline will not afford me adequate time to prepare for the deadline.

While I value safety, some of the new requirements are excessive and will put an undue (and unforeseen) burden on my operating budget. We are a non-profit organization and budgets are extremely tight in these trying economic times without having additional requirements placed on us for my drivers who seldom operate single axle dump trucks and pickup trucks with trailers on public roads.

Thank you for your consideration.

Best Regards,
