Re: *In the Matter of the Application of Duke Energy Ohio, Inc. for Approval of a market Rate Offer to Conduct a Competitive Bidding Process for Standard Service Offer Electric Generation Supply, Accounting Modifications, and Tariffs for Generation Service*
Case No. 10-2586-EL-SSO

Dear Ms. Jenkins:

Please accept this correspondence with regard to the following corrections:

- Due to a copying error, certain portions of the workpapers, which were filed as Volume V with the Application in this proceeding, were omitted. Duke Energy Ohio is docketing those portions with this letter and is also providing the material to all parties in the proceeding.
- Duke Energy Ohio witness Judah Rose has discovered a small number of errors in his testimony. Rather than simply correct those items at the hearing, Duke Energy Ohio wishes to provide the errata sheet to parties at this time, in order to assist with their review.
- Duke Energy Ohio witness James Ziolkowski has discovered that the tariffs filed as attachments JEZ-1 and JEZ-2 to his testimony incorrectly describe Rider EIR as non-bypassable. Again, rather than simply correct this to read "bypassable" at the hearing Duke Energy Ohio wishes to alert parties to the change at this time.

Should you have any questions or comments regarding this matter, please do not hesitate to contact me.

Very truly yours,

Amy B. Spiller
