Re: All Electric Homes

Dear Sirs:

Pertaining to hearing held in North Ridgeville Ohio on November 22, 2010 deciding whether to lift the ban on increase of electric service for all electric homes, let this letter be a plea not to do so.

We speak for senior citizens in Columbia Park, who are on limited income, like Social Security, pensions, welfare etc.

We helped build this country, some served in armed forces to protect this country, please don't let us down by increasing electric rates which would put us all in dire straights.

This utility isn't like gas, if don't want it, you can do without it.

Our rents go up yearly, how will we sell our homes?

We havent got a cost of living increase from the government for 2 years now, yet prices have not gone down.

Some of us are helping our children, grandchildren to survive.

Every penny is sacred, as we try to save it.

Thank you for your time, consideration, and fairness.

Mr.Mrs. Frank Medved Olmsted Falls Ohio 44138
